

Website Copy & Font Preview PDF

Landscape version. Designed to match the website reading direction, so each module is easier to review and edit against the actual frontend layout.

Review notes

1. Edit Chinese and English frontend copy by module.
2. Confirm the desired font style before I replace the website font files.
3. Admin UI stays Chinese; this PDF focuses on frontend copy and typography.

ARTICLE / ARTICLE-PRODUCT-VISUAL-SYSTEM

Chinese copy

从产品卖点到商业视觉：科技产品 KV 的组织方式

产品视觉

记录如何把硬件功能、应用场景和营销语言整理成可传播的产品主视觉。

English copy

From Product Benefits to Commercial Visuals: Structuring Technology Product KV
Product Visual

How hardware functions, use scenarios and marketing language can be organized into a clear product key visual.

ARTICLE / ARTICLE-BRAND-TO-TOUCHPOINTS

Chinese copy

品牌系统如何落到产品、展会和物料

品牌系统

品牌不是一张 logo 图，而是一套能在产品、包装、展台和画册里连续出现的识别系统。

English copy

How a Brand System Extends into Products, Exhibitions and Collateral
Brand System

A brand is not a single logo image, but an identity system that appears consistently across products, packaging, booths and brochures.

Blog / Design Thinking

Homepage blog entry and article summaries

ARTICLE / ARTICLE-AI-WORKFLOW

Chinese copy

AI 辅助创意在设计流程中的位置

工作流

AI 更适合放在概念探索和场景草图阶段，最终质量仍取决于设计判断和后期整合。

English copy

Where AI-assisted Creativity Fits in the Design Workflow

Workflow

AI works best in concept exploration and scene sketching, while final quality still depends on design judgment and integration.
